

Application for EPSRC UK NSCCS Software Training

Please note that you must have submitted an application for computing resources or already be an existing user in order to apply for one-to-one or group training.

If you wish to attend on-line training you may want to sign up for a pump priming account to do the exercises and experience the software.

In order to assess the type of training you require, we would be grateful if you could complete the form and return it by email to Dr Alexandra Simperler (a.simperler@imperial.ac.uk).
